The need to amend the specification was identified by the Official Action of October 15, 2004. The required corresponding changes in the specification are made herewith.

As the propriety of these changes under the provisions of Rule 312 seem to be unquestionable, entry of the present amendment is believed clearly to be in order and the same is respectfully requested.

In view of the present amendment and the foregoing remarks, therefore, it is believed that the informality noted by the Official Action has been remedied.

In the event that there are any questions relating to this amendment or to the application in general, it would be appreciated if the undersigned attorney would be contacted so that the issuance of the Letters Patent may be expedited.
